

Paper Bag Picnic Baskets

If breezes blow picnic plates
high into the air,
Use glue to hold them down
until the ants get there!

HERE'S WHAT YOU NEED

White craft glue

Paper plate

Markers

Child safety scissors

Large brown paper bag

Old magazines

HERE'S WHAT YOU DO

- 1 Use scissors to cut off top half of the paper bag. Fold over the rim of the bag. Cut a handle from the top half, then glue it onto sides of the rim to make a basket.
- 2 Decorate the basket with markers.
- 3 Use the scissors to cut pictures of food from old magazines. Glue magazine food pictures onto the paper plate. Place plate in the basket for a picnic.

GLUE FOOD PICTURES ONTO PAPER PLATES

MORE ART FUN!

★ Use scissors to cut fringes around the edges of a large sheet of paper. Color paper with markers for a picnic blanket (don't forget to draw the ants!)

★ Use scissors to cut flowers, bugs, or designs out of construction paper. Glue onto sides of basket.

★ Talk about your favorite foods to pack in a picnic basket. Describe how they taste: **sweet, salty, sour, spicy.**
